To-Day's Games—Kenton at Columbus, Mansfield at Wheeling, Findlay at Akron, Canton at Twin Cities.

After two defeats at the hands of the Findlays, and one came with the same club in which the Wheelings were lucky enough to emerge from the fray with a tie, the local club yesterday broke away from the slough of defeat in which the team seemed mired, and won in a canter from O'Brien's Mansfield aggregation. For five innings the game was close enough to be interesting, neither club having what the short-haired gentry call a "cinch." In the sixth, however, the home batsmen landed on the visitors' twirler, Wilhelm, with great effect. Twelve men faced the pitcher, and seven of them scored. That put the Wheelings on the sunny side of Easy Street.

Anderson was in the box for the home team and he pitched a very good game, being touched up for but nine hits. He kept these scattered in all but the fifth inning when two singles, a three-bagger, two bases on balls and an error, allowed Mansfield to score three runs. Anderson received good support. Prince at short field did good work, better than was expected, his only bad break being a wild throw to Keefe that spoiled a neat double play. Donovan again officiated in left and covered his territory well, but was the only man of the team who did not secure a base hit. Regan's work at third was up to the high standard he has set for third bag play, and in addition his batting was hard and timely, his two-bagger in the sixth bringing in three men. He got another two-bagger in the fourth and secured his base on balls twice. Prince's work with the stick was also good; he got three hits out of four times at bat, two bases on balls and a sacrifice hit.

For Mansfield, Wilhelm, the "tailor boy," was in the box and he was an easy mark for the local hitters. Like Anderson, he had poor control of the ball and his wildness was more costly than his opponent's. In the eighth he was taken out and Wakefield substituted, but the change did not prove beneficial as the hard hitting of the Wheelings was continued. The work of the visitors in the field was very poor—poorer than that of any team that has played on the Island grounds. Wilson in right field had two costly muffs, and he was finally taken out of the game by Manager O'Brien. Billy Otterson and Jack Dunn, of the Mansfield, who formerly played on the Wheeling Tri-state team, were given a warm reception by their local admirers. Otterson hit safe twice, but Dunn couldn't connect with the sphere effectively. Both Davis and Quinn did good work behind the bat in the face of the wild delivery of both twirlers. The score in detail:

Base Hit Notes.

Kerr and Davis led with four hits each. Crotty's second base play was sharp and quick.

All the boys got their eyes on the ball yesterday.

The ladies continue to patronize the game in large numbers.

The sun seats were largely patronized yesterday. Warmth was at a premium.

McDougal will pitch in to-day's game and Woodward will probably twirl for Mansfield.

Mansfield's manager is expecting several new players. Some of the present team will drop by the wayside.

Wheeling is now in second place, tied with Akron and Findlay. Who will first lay out the Twin City aggregation?

Those fellows who were so loud in airing their opinion that Third Base-man Regan is no ball player, have hunted their holes. Yesterday's record finished them: Two runs, two hits, one out, five assists and no errors, and Regan has charity-horse, at that.

The Ex-Steebles Win.

Special Dispatch to the Intelligencer.

AKRON, O., May 13.—The opening game in Akron was played to-day in a drizzling rain before a fair sized crowd. The Findlays were not in it at any time and did not score a run until the ninth. Gray, for Akron, was effective. The score:

On No, They're Not Sorry.

Kenton remains in the league after all, which is right. The babies came in and filled up a gap in the league. Kenton is a better base ball town than Wheeling and it would have been rank

injustice when they put up their money and were maintaining a team to have showed them off.—Steuersville Gazette.

Phillies in Eleven Innings.

PITTSBURGH, May 13.—After the first inning it was a magnificent game, but it lasted too long, and in the eleventh inning Killen went to pieces. The Philadelphia made as many hits in that inning as they did in the previous ten. They drove in four runs and won the game. Donovan and Bierbauer did not play and their substitutes were not up to the mark. The attendance was 2,500 in spite of the cold weather. The score:

PHILADELPHIA, May 13.—Paine and Whittemore literally gave Pennsylvania the game to-day. Paine gave nine bases on balls and made four wild pitches. Over 7,000 people saw the performance, which occupied three hours. For five innings not a run was scored. Adams broke the spell then with a two-bagger, scoring on a fly from Hollister. The score:

CORBETT AND JACKSON

The National Sporting Club of London Will Not Hang Up a Parae.

Associated Press Cablegram.

LONDON, May 13.—A crowded meeting of the National Sporting Club was held to-night, at which the secretary read the cable despatch addressed by Manager Brady, to the club, expressing Champion Corbett's willingness to meet Peter Jackson before the club. Jackson was present and made a speech begging the club to put up a purse and let him have a chance to meet Corbett. His proposition, however, met with no response. Owing, it is said, to Corbett's sneering allusion to the National Sporting Club, it has been decided to decline to put up a purse. Peter Jackson said to-night to a representative of the Associated Press:

"I don't believe Corbett is in earnest this time. He knows he is unpopular with the National Sporting Club and had a small show with them to hang up a purse. Then it is very near the close of the season and their books are full for the next season. I feel and I told the club, that I thought my last chance of meeting Corbett is gone. I will meet Corbett anywhere and have always been anxious to do so."

Another Boxing Match.

Ted Alexander, of the Metropolitan club, left for Pittsburgh last evening, to arrange for an important match and attend to other business connected with the club. John Van Heest who is matched to box Marshall, is training at Billy and Harry's place on South Main street. Henry Lemon, his trainer, will punch the bag every afternoon at 3 o'clock.

To-NIGHT'S GAMES—Americans vs. H.C. Richards.			

Last night the Riverside and Independents of the Museum Bowling League bowled three scheduled games in the championship series, and as a result the former team notified the secretary of the league of its withdrawal from the organization, alleging that the pin boys were taking an unfair advantage of them by knocking down pins for the Independents. Whether or not this is true, every team captain should insist on the selection for each game of an umpire for pins so that there will be no possibility in the future of such an unpleasant episode. It is hoped the Riversides will reconsider their resignation and remain in the league. The score:

Independents—Wood, 153, 158, 126; McKown, 127, 164, 154; Munn, 115, 109, 149; Clavitt, 127, 135, 147; McCausland, 143, 133, 119; Blind, 121, 134, 122; totals, 736, 890, 817.

New Road Record.

SAN FRANCISCO, May 13.—Frank M. Byrne, Imperial Bicycle Club, has broken the world's road bicycle record for five miles. He made it in 12:13 1/5. He started from scratch in a five mile handicap road race and finished fifteenth. J. E. Edwards, another scratch man rode the distance in 12:13 2/5. The previous record was 12:15.

AT CHURCHILL DOWNS

Halma, the Derby Winner, Captures the Clark Stakes—Other Events.

LOUISVILLE, Ky., May 13.—The Clark stakes, which was the principal event of the day at Churchill Downs, dwindled down to two purses, Casso, Galon d'Or and Laureate being scratched on account of rain. Halma set the pace the entire distance, and won as he pleased by a dozen lengths. He ran the entire distance under a strong pull. Happy Day, a 50 to 1 shot, captured the third event from Caesarian in a driving finish. Perkins, who rode Caesarian, lost control of his mount at the sixteenth, allowing Happy Day to come up and win. Summary:

First, 6 furlongs—Miss Young, 1; Dominion, 2; Royal Prince, 3; 1:10 1/2. See

ECZEMA

From early childhood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs and was treated by the best medical men, but all things failed. I determined to try S.S.S. and in four months was entirely cured. The terrible eczema was gone, not a sign of it left. My general health built up, and I have never had any return of the disease. I have often recommended S.S.S. and have never yet known a failure to cure.

Morris Park Races.

NEW YORK, May 13.—There was a very small attendance at Morris Park to-day, the last of the steeplechase races. The fields were small, too, but the racing was good. A contest between the two maidens, Trillion and Ruth S., furnished the comedy of the day, as Trillion fell and before he could be mounted Ruth S. was half a head ahead. She could not take the Liverpool jump, however, until Trillion had come up with her, when she joined him, but in the rear, and that was the way they finished. Samonara was a six to five favorite in the opening race, but was beaten by a length by King John in a rattling finish. Summaries:

Mrs. William Moore, the wife of a stone cutter here, died at her home on Rose hill yesterday, the result of poisoning. There are circumstances that lead to the belief that it was taken in a fit of desperation about a month ago, but the woman said it was an accident at that time; but after she reached the point when it was apparent she wanted to die, and other circumstances related in connection with the affair lead to the general belief that it was taken with intent to kill herself. The poor woman's friends do not entertain that idea. The husband and one little daughter survive her.

QUITE ANOTHER THING.

Wherein a Common Cold is Worse Than the Contagious We Dread.

A man once over typhoid or scarlet fever has the consolation of knowing that the chances are against a recurrence of the attack. It's different with the common nuisance we call catching cold; one fit of coughing, sneezing and sneezing is no guarantee against another. One may have indefinite colds unless he takes proper precautions, and each attack leaves him a little weaker than he was before.

What then, is the safeguard against cold at this tickle and treacherous time of year? Malt Whiskey. Why? Because it warms and strengthens. It retards the decay of tissue, increases the power to assimilate food and overcome weariness of the nerves. It stirs the energies of the body, so that cold can no more get a hold, than a horse with dull shoes can get a firm footing on ice.

No matter what the almanac says about spring. It is the season of colds because a few sunlit hours tempt even prudent people to be reckless about their health. Keep the counsel just given in your memory, and keep a bottle of Duffy's Pure Malt Whiskey on the shelf where you can get it when a little shiver or a tickling cough warns you that colds are lurking in the "upjig" air.

It seems that he was asked to join the union and agreed to do this and was to pay one-third of the initiatory fee on Saturday night, but for some reason this was not done, hence strike No. 5 yesterday.

John Willard, the non-union glass-blower who was attacked on Fourth street on Saturday night and brutally beaten, is getting along as well as could be expected under the circumstances.
